KAILASH MANSAROVAR

!!!Aum Namah Shivaya!!!

“Mount Kailash” is sacred in four religions: Bon, Buddhism, Hinduism and Jainism. The abode of Lord Shiva for Hindus, home of Buddha Demchok according to Buddhists, the spiritual seat of power per Bon followers, and the place where Rishabhadeva, the creator of Jain religion attained Nirvana- Mount Kailash is a hero of mythological legends and an ultimate spiritual destination.

“Kailash Mansarovar” is not a destination, it’s just a beginning to one of the most memorable experiences of human life. As “Sadhguru” rightly said; “If you can really be with Kailash even for a few moments, life will never again be the same for you. It is a phenomenon beyond all human imagination”.

According to Charles Allen (a popular historian); It is a pillar of the world and is located at the heart of six mountain ranges symbolizing a lotus. Also, there’s an interesting fact about Mount Kailash that says “Mount Everest is 8,848 meters (29,029 feet) in height, and its summit has been scaled by over 4,000 people. Whereas, Mount Kailash is 6,638 meters (21,778 feet), and its summit is unclimbed yet.”

- Any citizen, holding a valid passport and aged at least 15 years and below 70 years as on 1st January, 2020, is eligible to apply for the Yatra.

Is there any subsidy given to Kailash Manasarovar Pilgrims?

How can one become a fit yatri?

-A yatri should be free from all major ailments like heart diseases, asthma, epilepsy, diabetes, hypertension, menstrual disorders, cancers, etc. Yatris are advised to bring their weight to average standards, exercise regularly, do breathing exercises, and quit tobacco, alcohol, etc. A doctor may be consulted to rule out any major ailments that may render one unfit for the Yatra.

What happens if a yatri falls sick en route?

-If a yatri suffers from minor ailments, there are medical and paramedical staffs on the Nepal side to provide relief. But should a yatri suffer from any major health problem, he/she may need to be evacuated to a hospital by helicopter at his/her own cost. However, due to administrative procedure involving the Chinese side and due to difficult climatic and geographical conditions, such evacuation from the Chinese side may take time - at least 48 hours. Therefore, yatris should ensure that they are truly confident of their health and physical fitness before they undertake this Yatra.
